Filling-in instructions

In order to be able to assess your application quickly and carefully in terms of content, the Immigration and Naturalisation Service uses scanning software with which your application is recorded in the immigration administration system. To support this, this form is equipped with a number of features, including a barcode and so-called "adjustment fields" in the corners of each page. The following is important for a good scan of your application:

1. When filling out this form, use only an HB pencil or pen with black or blue ink.
2. Write only in the space provided behind or below each question. Do you need more space? Then add a separate page on which you state your personal data and indicate to which question the added text belongs.
3. When you are presented with a choice where you have to choose between different answer options, keep the following instruction.

Check the box of your choice (as with "b")

a... b... c... d...

You want to change your choice? Then make the box of your first choice completely black and then tick the desired box.

a... b... c... d...

This form comprises different appendices. Which appendices you need to fill out depends on your own situation. Only submit your application once you have completed filling out this form, signed and you have gathered together all the requested documents and evidence. If your application is incomplete, the IND will be unable to assess your application properly.

When can you use this form?

You can use this form to apply for a new foreign nationals document, statelessness document or Foreign Nationals Identity Document (further VI; Dutch abbreviation) type W or W2. In the rest of this form we include the concept of statelessness document under the concept of alien document. This is to keep the text readable.

The period of validity of the current foreign nationals document is about to expire. You need to renew the foreign nationals document; Please note: Do you have a Permanent Residence Document for EU citizens and their family members, or a Permanent Residence document Withdrawal Agreement (Brexit)? Then you can renew your document, but this is not required.
- There is an incorrect employment status on your foreign nationals document;

6 Report of loss or theft

Enclose a copy of the report of loss or theft together with your application. In case of the loss or theft of a foreign nationals document or VI type W/W2 you must report this at the nearest police station. It must be clearly stated in the official report that this involves the loss or theft of your foreign nationals document or VI type W/W2. A report that is filed with the local police abroad must be compiled in Dutch, English, French or German. If this is not the case, then you are required to have the report translated by a translator who has been sworn in by a district court and enclose a copy of the translation together with official report and your application.

Finding the residence document again after report of theft/loss

Did you report the theft/loss to the police? This makes the residence document permanently invalid. You then always have to apply for replacement. Even when you find the residence document again, you can no longer use it.

You must hand in this residence document to the IND. You can do this at an IND Desk. For example, when you collect the replacement residence document. Or, you can send the document, that you found again, to the following address:

Immigratie- en Naturalisatiedienst
Bureau Documenten
Postbus 49
9560 AA Ter Apel

7 Copy of the current document

Enclose a copy of the front and back of your current document together with your application, even if this document is damaged. In the case of loss or theft, then you are not required to enclose a copy of the document.

8 Biometric details and signature

You need to allow your fingerprints to be taken and also a passport photo for the purpose of establishing your identity. The biometric details are also needed for making a residence document. In addition, your signature is also needed. Fingerprints are made of applicants of 6 years old and older. Every applicant from 12 years old and older is required to provide his/her own signature. In the appendix 'Fingerprints, passport photo and signature' you can read how to give biometric details.

Citizens of the EU, EEA and Switzerland

If you are a citizen of the EU, EEA or Switzerland then your fingerprints will not be taken and these will not appear on your residence document. However, your residence document will include your passport photo and signature. You can go to an Immigration and Naturalisation Service (IND) desk to make a passport photo and to place your signature. You need to make an online appointment for this. Please check www.ind.nl for how to make an online appointment. You can also find the addresses and opening times of the Immigration and Naturalisation Service (IND) desks on the website www.ind.nl.

Appendix Fingerprints, passport photo and signature

Please do not enclose this appendix with the form!

For every new application you submit, the IND needs your photo, signature and fingerprints. The IND uses these biometric details to establish your identity and make your residence document. We do not need new biometrics in the following situations:

- Your biometrics have been taken at an IND desk or embassy abroad less than 6 months ago.
- You apply for a Foreign Nationals Identity Document (Type W and Type W2). Your biometrics have been taken at an IND desk or embassy abroad less than 5 years and 3 months ago. With a Foreign Nationals Identity Document you show that you are allowed to be in the Netherlands because you are waiting for a decision on your application. The IND then reuses old biometric details.

In all cases, the foreign national must bring a valid passport (this can also be a foreign national passport or a refugee passport) or ID card of the EU, EEA or Switzerland.

Situation: application starts when the foreign national is abroad

1. Entry and Residence procedure

- The sponsor (in the Netherlands) will have submitted the application for a residence permit for the foreign national (who is still abroad).
 - When taking the basic civic integration examination abroad, the employee of the Dutch embassy or consulate will scan the passport photo of the foreign national and take his fingerprints. The foreign national must place his signature. The passport photo must comply with the requirements which also apply for Dutch passports. The embassy can inform the foreign national where he is able to have passport photos made locally, which comply with the relevant requirements. A photo that does not comply with the requirements will cause unnecessary delay.
 - If the foreign national does not have to take a basic civic integration examination abroad, the employee of the Dutch embassy or consulate will scan the passport photo of the foreign national and take his fingerprints when collecting the Regular Provisional Residence Permit (mvv). The foreign national must place his signature. The passport photo must comply with the requirements which also apply for Dutch passports. The embassy can inform the foreign national where he/she is able to have passport photos made locally, which comply with the relevant requirements. A photo that does not comply with the requirements will cause unnecessary delay.

2. Application for a Regular Provisional Residence Permit (mvv) by the foreign national

- The foreign national has submitted the application for a Regular Provisional Residence Permit to the Dutch embassy or the consulate in the country of origin or long-term residence.
 - When submitting the application, the employee of the Dutch embassy or consulate makes a scan of the passport photo and takes the fingerprints. The foreign national must place his signature. The passport photo must comply with the requirements which also apply for Dutch passports. The embassy can inform the foreign national where he/she is able to have passport photos made locally, which comply with the relevant requirements. A photo that does not comply with the requirements will cause unnecessary delay.

3. Application for temporary Regular Residence Permit for persons who do not require a Regular Provisional Residence Permit

- If an application is submitted in the Netherlands by a (recognised) sponsor for a foreign national who does not require a Regular Provisional Residence Permit, then the foreign national must go to an Immigration and Naturalisation Service (IND) desk immediately after arrival in the Netherlands. The Immigration and Naturalisation Service (IND) employee will make fingerprints and a passport photo and the foreign national will be required to place his signature. You have to make an online appointment via the website www.ind.nl.

Situation: application starts when the foreign national is in the Netherlands

1. The application is submitted by post

- The foreign national or sponsor sends the application by post to the IND. He will then receive a letter from the IND. This letter states whether the foreign national must have his fingerprints taken and that he must have a passport photo taken and place his signature. For this, the foreign national makes an appointment online at an IND desk. The addresses and opening times of the IND desks can also be found on www.ind.nl. If the application form notes that the foreign national will collect the residence permit at an expat centre, then he can also have a passport photo and his fingerprints taken there. Please check www.ind.nl for how to make an online appointment. The addresses and opening hours of the Expat Centres can be found at www.ind.nl.

2. The foreign national submits the application in person

- The foreign national submits the application personally at the IND desk. A passport photo is made at the desk and fingerprints are taken if necessary. The foreign national must also place his signature there. The application can only be submitted to the IND desk by appointment. To make an appointment, visit www.ind.nl.
