 ** In May 2017 the IND has adjusted its systems to remove a small discrepancy that caused some cases to not be included in figures of (earlier versions of) this report. This adjustment may result in some small inconsistencies with reports dating from April 2017 and before. Considering the limited size of the discrepancy and to ensure consistency between reports, figures published before January 1st, 2017, will not be updated. Notwithstanding these figures, the total influx of first asylum applications in 2016 was 18,246.

* To conceal the lowest figures, all values between 0 and 4 are replaced by asterisk.

** In May 2017 the IND has adjusted its systems to remove a small discrepancy that caused some cases to not be included in figures of (earlier versions of) this report. This adjustment may result in some small inconsistencies with reports dating from April 2017 and before. Considering the limited size of the discrepancy and to ensure consistency between reports, figures published before January 1st, 2017, will not be updated. Notwithstanding these figures, the total influx of first asylum applications in 2016 was 18.246. Selection criterion for this table: all nationalities with at least 1 application in the current year.
