Application for the purpose of residence of ‘family and relatives’ (foreign national)

Read the explanation before you start to fill out the form.

For whom is this form intended?
You can only use this form if you are a foreign national. A foreign national is someone who wants to stay in the Netherlands, for example with a family member. This family member is your sponsor. Your sponsor has Dutch nationality or a Dutch residence permit and lives in the Netherlands. If you are a sponsor and you want to submit an application for a foreign national, you can use the form ‘Application form for a stay with the purpose of residence ‘family and relatives’’ for the sponsor (7518).

You can submit the application yourself if you are 12 years or older. If you want to submit an application for your minor child, you must have parental authority over your child.
- You have parental authority, you want to submit an application for your child and your child is going to stay with you? Then use the form ‘Application for the purpose of residence of ‘family members and relatives’ (sponsor)’ (7518).
- You have parental authority, you want to submit an application for your child and your child will reside with someone other than yourself, for example the other parent of your child? Then use this form ‘Application for the purpose of residence of ‘family and relatives’ (foreign national)’ (7525).

You can submit an application for a stay in the Netherlands with this form on grounds of one of the following purposes of residence:
- stay with spouse or (registered) partner;
- stay with a parent;
- stay as foreign adoptive child or foster child;
- stay with a minor who holds an asylum permit;
- stay with the holder of a medical residence permit;
- stay with a family member who holds a residence permit on ‘temporary humanitarian grounds’ because he is in the terminal phase of an illness;
- stay with an under-age foreign national who holds a residence permit due to a family supervision order by the juvenile court; or
- stay in order to carry out family life on grounds of Article 8 of the ECHR.

Further verification against other policy. During the assessment of your application, the IND can also verify whether you are eligible for a residence permit for another purpose. It concerns the following purposes:
- carrying out private life on grounds of Article 8 of the ECHR
- victim of human trafficking
- being unable to depart from the Netherlands through no fault of one’s own
- medical treatment
- residence on grounds of other humanitarian reasons
- suspension of departure under Article 64 of the Aliens Act

If you are of the opinion that you also qualify for a residence permit on the basis of one of these purposes, please substantiate this with as many relevant documents as possible. Submit a copy of these documents together with this form.

Do you already have a residence permit? Make sure that your application is received by the IND before the residence permit expires. This is important to prevent encountering a residence gap. A residence gap is an interruption in your residence. This has consequences for any subsequent procedures.
How do you fill out this form?
This form comprises different appendices. Which appendices you need to fill out depends on your own situation. Only submit your application once you have completed filling out this form, signed and you have gathered together all the requested documents and evidence. If your application is incomplete, the IND will be unable to assess your application properly.

3 Means of evidence

Requirements of foreign means of evidence
You must gather together the means of evidence before submitting your application. You may be required to submit foreign means of evidence together with this application, for example a foreign marriage certificate. Your personal situation and the purpose of residence determine which foreign proof of income you will need to include.

Language
All foreign means of evidence must be compiled in Dutch, English, French or German. Is this not the case? Then you must have the means of evidence translated by a translator who has been sworn in by a District Court. Submit (a copy of) the translation and (a copy of) the means of evidence together with the application form. If you have the means of evidence translated in a foreign country and therefore not by a translator who has been sworn in by a District Court, then you are required to have the translation legalised or to have an apostille stamp/authentication stamp provided by the competent authorities in the country of issue.

Official means of evidence
Official foreign means of evidence must be issued and legalised by the competent authorities of the country that issued the means of evidence. In some countries the document must then also be legalized by the Dutch embassy or the Dutch consulate in the country in question. In ‘apostille countries’ an apostille, issued by the competent local authorities, is sufficient. If no Dutch embassy or consulate is available in that country, the document must be legalised by the Dutch embassy or consulate responsible for that country. Official foreign means of evidence include, for example, birth certificates and marriage certificates. Having these means of evidence legalised or provided with an apostille stamp can take a long time. You should start several months in advance of submitting your application with having documents legalised or provided with an apostille stamp in the country of origin. For more information about legalisation or apostille requirements for documents per country and any exceptions to these requirements, you can telephone the ‘Public Information Service’, telephone number 1400. You can also visit the website www.rijksoverheid.nl.

Special facts and circumstances
If you think special facts and circumstances may apply, that have to be considered when assessing your application, you have to provide a written declaration. You have to substantiate this declaration with as many (official) means of evidence as possible.

If you submit special circumstances in the context of Article 3.6ba, first paragraph, of the Aliens Decree, you must only submit these circumstances if this concerns your first application submitted in the Netherlands.

Choose the family member with whom you want to stay. You can only choose one purpose of residence. If you choose more than one purpose then (possibly) your application will be no longer valid. If you are in doubt about your purpose of residence then contact the IND. Do not submit your application if you are not sure whether you comply with the conditions. Visit the website www.ind.nl for more information about your purpose of residence.
