Appendix

Proof of medical situation of foreign national

The physician/practitioner must be registered in the registers under the Individual Healthcare Professions Act (Wet op de Beroepen in de Individuele Gezondheidszorg or BIG) or the Dutch Association of Psychologists (Nederlands Instituut van Psychologen or NIP).

For the physician/practitioner: Through this form, you are asked a few questions about the presence of any medical treatment of the foreign national you refer to below. The foreign national can use your answers to demonstrate that any medical facts or treatments exist which could be of importance to the assessment of his/her application for a residence permit in the Netherlands. When answering these questions, you are not

asked to assess whether the conditions for a residence permit in the Netherlands are met. You only need to provide factual data in simple words that can be understood by non-physicians. The non-medically qualified officials from the Immigration and Naturalisation Service (IND) will not use your answers to form a medical opinion themselves, but do want to be informed of the fact that the foreign national receives active medical treatment from you. In case of any ongoing treatment, they may ask the independent physician from the IND's Medical Advisors Office (Bureau Medische Advisering or BMA) for advice. Following this, the BMA will contact you with the specific written consent of the foreign national.
