4 Means of evidence

> Please tick the applicable situation and follow the instructions

- ☐ **You want to submit an application for suspension of departure under Section 64 of the Aliens Act (783)**

Please submit the following means of evidence together with this form:

In case of pregnancy / delivery (during the period from six weeks before the calculated delivery date to six weeks after the delivery and you can only travel by plane)

- A statement from a doctor / gynecologist or obstetrician. The statement also states the (probable) date of the delivery.

In case of clinical admission to a hospital or psychiatric institution

An admission statement from the hospital. This may not be older than two weeks.

Please note: If you are unable to travel even after your hospital or institution admission has ended, you will have to submit a new application for suspension of departure.

You have been diagnosed with tuberculosis (TB)

- A dated statement from a GG&GD doctor, stating that you have TB and the expected treatment period. This statement may not be older than two weeks.

In all other cases

The Appendix 'Proof of medical situation of foreign national'. This Appendix must be completed and signed by your practitioner. This Appendix may not be older than 6 weeks. If there are any changes to your medical situation that could be of influence to the decision, you must submit new proof. If several practitioners are involved in your treatment, each individual practitioner must complete and sign an appendix.

- The Appendix 'Medical Information Disclosure Consent Form' completed and signed by you. This appendix may not be older than 6 months. If several practitioners are involved in your treatment, you must give your consent for each individual practitioner to be contacted by the Medical Advisors Office. This applies both to practitioners in the Netherlands and in the country of origin.

- Your relevant medical information provided by your practitioner(s) in response to the letter including an explanation from the Medical Advisors Office. For this purpose, you must give the letter (including explanation) from the Medical Advisors Office to your mental health practitioner, general practitioner and/or specialist (so not a letter of questions drawn up by somebody else). You can find these letters including explanation from the Medical Advisors Office in the Appendix 'Explanation and means of evidence about medical circumstances'. Important! Please use this appendix. If you do not submit all of the information required or if this information is incomplete, your medical situation cannot be assessed.
- The completed and signed Appendix 'Declaration passport in case of medical circumstances'. Fill in the declaration if you have a passport or identity card.

5 Identification

Enclose a copy of your passport with your identity details. Also copy the pages with the travel stamps. Do not copy any empty pages.

If it is not possible for you to provide (a copy of) your passport, you have to prove your identity and nationality through the following supporting documents.

- a written statement from the authorities of the country of which you are a citizen, in which the authorities of that country motivate why you cannot be given a valid passport; and
- additional data and documents relating to your identity and nationality such as an identity card, a birth certificate, a statement of nationality.

Is it not possible for you to provide means of evidence that prove your identity and nationality? In that case the Repatriation and Departure Service (DT&V) can not determine whether your medical treatment is inaccessible in your country of origin.

Please note! All foreign means of evidence must be compiled in Dutch, English, French or German. Is this not the case? Then you must have the means of evidence translated by a translator who has been sworn in by a District Court. Submit the translation (or a copy thereof) and the (original) means of evidence together with the form.
