

Notification Inbound mobility student (foreign national) (531)

Read the explanation before you start to fill out the form.

You can use this form to notify the IND that you possess a valid residence permit for study issued by another Member State of the European Union, and that you want to pursue part of the study programme in the Netherlands as a second Member State.

For whom is this form?

You are in possession of a residence permit for study issued by another European Member State. You want to pursue part of the study programme in the Netherlands and stay in the Netherlands for that purpose for 360 days at most. In that case you do not have to apply for a Dutch residence permit. You do however have to inform the IND of your stay in the Netherlands. You must use this form to do so. Recognised higher education institutions that have been authorised by the foreign national to submit the notification of inbound mobility make use of the form 'Kennisgeving Inkomende mobiliteit studie (gemachtigde)'.

Do not use this form if:

- you are in possession of a Dutch residence permit for study and want to pursue part of the study programme in another Member State of the European Union (outbound mobility). Your higher education institution notifies outbound mobility by way of the 'Notification form for study purposes';
- you want to apply for a residence permit for study. If you want to study in a higher professional education programme or at a university in the Netherlands, the higher education institution recognised as a sponsor must submit the application for authorisation. For more information see www.ind.nl.

How do you fill out this form?

This form comprises different appendices; which appendices you need to fill out depends on your situation. Only submit this form once you have completed filling out this form fully, signed and have collected all of the required means of evidence.
