Subject Request to wait 1 week before paying fees and sending documents

Dear Sir/Madam,

You would like to submit an application for the orientation year for highly educated persons. In this letter you can read additional information about your application.

Wait a week before you pay the fees and send in your documents
You need to send some documents to the IND after you have submitted your application. We would ask you not to send these documents immediately. Please also do not pay the fees immediately.

What if you do this immediately after submitting your application? Then your details are not yet in the IND’s system. This means that the IND cannot connect your payment or documents to your application. You can prevent this by waiting a week.

With apologies for any inconvenience caused.

Yours sincerely,

The State Secretary of Justice and Security

3 Declaration of intent to undergo a TB test

In order to obtain a residence permit, you must be prepared to undergo a tuberculosis (TB) test in the Netherlands and - if necessary - treatment. If you are granted a residence permit, you will actually have to undergo a TB test within three months after having received your residence permit.

When you are in the Netherlands, you should make a TB test appointment with the Municipal Health Service (GGD) in the area where you live or will be living (for further information visit the website www.ggd.nl).

Should it become clear after the issue of a residence permit that - despite signing the declaration of intent - you failed to undergo a TB test within the period of three months, this may result in a cancellation of the permit that was granted.

Please note! The obligation to undergo the test does not apply if you are a national of one of the countries listed in the appendix ‘Exemption from the obligation to undergo a tuberculosis (TB) test’.

> Please check either one of the following two boxes

- I hereby declare that I am prepared to cooperate in a tuberculosis test and any treatment. I am aware of the fact that I must undergo a TB test within three months after the residence permit has been received. If I fail to do so, this might have consequences for my right of residence in the Netherlands.

- I do not need to undergo a TB test because I am a national of one of the countries listed in the appendix ‘Exemption from the obligation to undergo a tuberculosis (TB) test’.

4 Means of evidence

Requirements of foreign means of evidence
Documents must be in Dutch, English, French or German. In case the documents are drafted in another language, you need to have these translated by an authorised translator. Send a copy of the original documents together with a copy of the translation.

Please gather the following documents:
- Copy of your passport (page with your identity details as well as the pages with travel stamps, do not send copies of empty pages);
- An ‘Antecedents certificate’ appendix that you have fully completed and signed.
- Documents showing that you qualify for the orientation year. Please tick the situation that applies to you below and gather the corresponding documents.
- Within the past three years you have completed an accredited bachelor’s or master’s programme or a post-master’s programme in the Netherlands:
  - A copy of the diploma or certificate, which shows the date you completed your study programme. This concerns the diploma or certificate of an accredited programme at a Dutch educational institution for higher education; or
  - A ‘Statement on completion of study’ (available on www.ind.nl), completed and signed by the educational institution. You need this means of evidence if you have completed your study before you submit this application but are not yet in possession of your diploma or certificate.
Within the past three years you have completed a master’s or post-master’s programme or you have obtained a PhD at a designated foreign educational institution:

- Documentary evidence (for example a screenshot) showing that your educational institution was listed, on the date you completed your study programme or your PhD, in the top 200 of at least two of the ranking lists mentioned on page 1; and
- A copy of a credential evaluation from Nuffic. An application for a credential evaluation can be made via the Credential Evaluation Information Centre (IcDW: www.idw.nl) (you do not have to submit a credential evaluation from Nuffic if you graduated in Belgium and your study programme is registered in the Higher Education Register of Flanders); and
- A copy of the evaluated diploma or certificate, which shows that you have obtained and when you have obtained a master’s degree or a PhD at a foreign educational institution which, on the date you completed your study programme or your PhD, was included in the top 200 of at least two of the ranking lists mentioned on page 1; and
- Documentary evidence showing that you:
  - have achieved a minimum score of 6.0 for the International English Language Testing System, or
  - have achieved a comparable minimum score in an English language test in accordance with the Code of Conduct for international students in higher education, or
  - possess a diploma, certificate or document as meant in Article 2.3, first paragraph of the Civic Integration Decree, or
  - have completed a master’s or post-master’s or PhD programme in the English language or in Dutch. It is not necessary to submit proof regarding your English proficiency if you have obtained your master’s or post-master’s degree or your PhD in an English-speaking country.

Within the past three years you have been in possession of a residence permit for the purpose of scientific research or a residence permit for the purpose of working as a highly skilled migrant to undertake scientific research in the Netherlands:

You do not have to submit additional means of evidence or documents, because the IND already has this information available.

Within the past three years you have obtained a PhD in the Netherlands. You did not have a residence permit for the purpose of scientific research or for the purpose of working as a highly skilled migrant to undertake scientific research. You did have a Dutch residence permit for another purpose:

A copy of the diploma or certificate, which shows that you have obtained and when you have obtained your PhD at a Dutch university or at the Open University in the Netherlands.

Within the past three years you have obtained a master’s degree in the context of an Erasmus Mundus Masters Course, or you have obtained an Erasmus Mundus Joint Master Degree:

- A copy of a credential evaluation from Nuffic. An application for a credential evaluation can be made via the Credential Evaluation Information Centre (IcDW: www.idw.nl) (you do not have to submit a credential evaluation from Nuffic if you graduated in Belgium and your study programme is registered in the Higher Education Register of Flanders); and
- A copy of the evaluated diploma or certificate, which shows that and when you have obtained your degree.

Within the past three years you have completed a study in the Netherlands in the context of the Cultural Policy Act, or a study in the Netherlands that is provided in relation to the development and cooperation policy of the Dutch Ministry of Foreign Affairs.

A copy of the diploma or certificate from an educational institution, which shows that you have completed a study in the context of the Cultural Policy Act or in relation to the development and cooperation policy of the Ministry of Foreign Affairs.

The application is free of charge for citizens of San Marino and Israel. You can find this information on www.ind.nl.

Please transfer the fee for the application to the bank account of the IND referred to below. Please quote the V-number, which you will receive from the Dutch embassy/consulate where you apply, as your payment reference.

NB! Please pay attention to the enclosed letter about paying the fees and sending the documents.

If the assessment of your application shows that you do not qualify for a residence permit in the Netherlands, you will not receive a refund.

6 Declaration of consent

The message will be encrypted using the file password you received from the embassy or consulate employee. You can open the encrypted document in the email with this password. Therefore, it is very important that you keep your password safe and it is strongly recommended that you keep a copy of this application form for your records.

Please note! The IND accepts no responsibility for any email messages that fail to reach you or are delayed. The IND cannot guarantee the reliability of sending or receiving messages by email, or the confidentiality and integrity of email correspondence sent over the internet.
7 What will happen with your application?

Your application will be sent to the IND. It may take at least one week before your application is registered in the system of the IND. Please pay attention to the enclosed letter about paying the fees and sending the documents. After receipt of your application, your documents and fee, the IND will assess your application. You will be contacted by the IND if your payment or your documents are not received. You will also be informed once the assessment of your application has been finalised. If your application is granted, you will also receive information about the follow-up procedure.
